In the heart of the city but another world away …

Adelaide Botanic Garden is an oasis of beautifully landscaped gardens, majestic avenues and stunning architecture. Take time out to explore the beauty and diversity of plants from across Australia and the world.

Spend an hour or spend the day amongst 16 hectares of magnificently landscaped gardens. Relax in the shade or enjoy a coffee among some of Australia's finest plant collections.

Explore for knowledge; explore for pleasure, just explore.

Adelaide Botanic Garden is one of three sites which together comprise the Botanic Gardens of South Australia. You can also visit the gardens at Wittunga and Mount Lofty.
